

# What do you say to the 1,368 Marin General Hospital employees who take such good care of our community?

As a token of our appreciation, we'll be serving snacks and drinks at Creekside Park. We hope you'll stop by.

What better time than National Hospital Week to thank each and every one of the wonderful doctors, nurses, technicians, and other employees of Marin General Hospital? We appreciate how hard you work to care for the people of Marin, and we look forward to working with you after the June 29 transfer. In the meantime, please accept our hearty thanks for a job well done.
