I. Finance

A. Financial Report - December 31, 2019

Income Statement

Mr. Brettner reported a net operating loss for the month was \$67,233 favorable to budget by \$43,942. Income included rental revenue from the hospital lease of \$44,260, interest income and net unrealized investment gain of \$31, 319. The District's total expenses were \$143,302, including depreciation expense of \$117,971 associated with the MGH 2.0 parking garage which was completed in August 2016.

Balance Sheet

Incurred hospital construction costs increased by \$32M in December due to increased billing activity while accrued expenses also rose by \$30M to be paid in January 2020.

Chair Simmonds referred to the \$5M in Cash and Investments and asked for management approval to move an additional \$1M from Cash into the MHD Corporate portfolio. Mr. Brettner asked to wait until he is able to determine what the upcoming Revenue Bond payment will be before moving the \$1M into investment. The committee agreed.

II. Agenda Items for Next Meeting

- Add the Behavioral Health Proforma discussion to the February meeting agenda. Invite Rebecca Maxwell, Director of Behavioral Health, and other stakeholders of the initiative to clarify the committee's questions regarding funding of the program and physician compensation.
- III. Adjournment Chair Simmonds adjourned the meeting at 6:20pm.

Financial Report January 31, 2020

To: MHD Finance and Audit Committee

From: Eric Brettner, CFO QB Re: January 2020 Financial Report

Date: February 21, 2020

I. General Comments

These financial statements contain, in summary format, the balance sheet and income statement.

II. FY 2020 Income Statement and Budget

The net District operating loss for the month was \$63,949 which was favorable to budget by \$41,188. Income included rental revenue from the hospital lease of \$44,260, interest income and net unrealized investment gain of \$34,215. The District incurred total expenses of \$142,424, including depreciation expense of \$117,971 associated with the MGH 2.0 parking garage which was completed in August 2016.

III. Balance Sheet

Assets

Cash at January 31, 2020 of \$2,260,848 increased by \$64,604 from December due to collections on clinic accounts receivables for services rendered prior to 2019.

Tax revenue receivables are \$4,089,150 and represent amounts due from the County of Marin. Payments received from the County for debt service are reflected in the Assets Limited To Use – Bond Funds balance.

The balance of the proceeds from the bonds issued in November 2015 and the proceeds from the bonds issued in September 2017, net of issuance costs, are reflected in the account "Assets Limited to Use – Bond Funds". Hospital Construction Costs incurred to date are \$444,048,448 (including the completed parking garage).

Liabilities and Net Assets

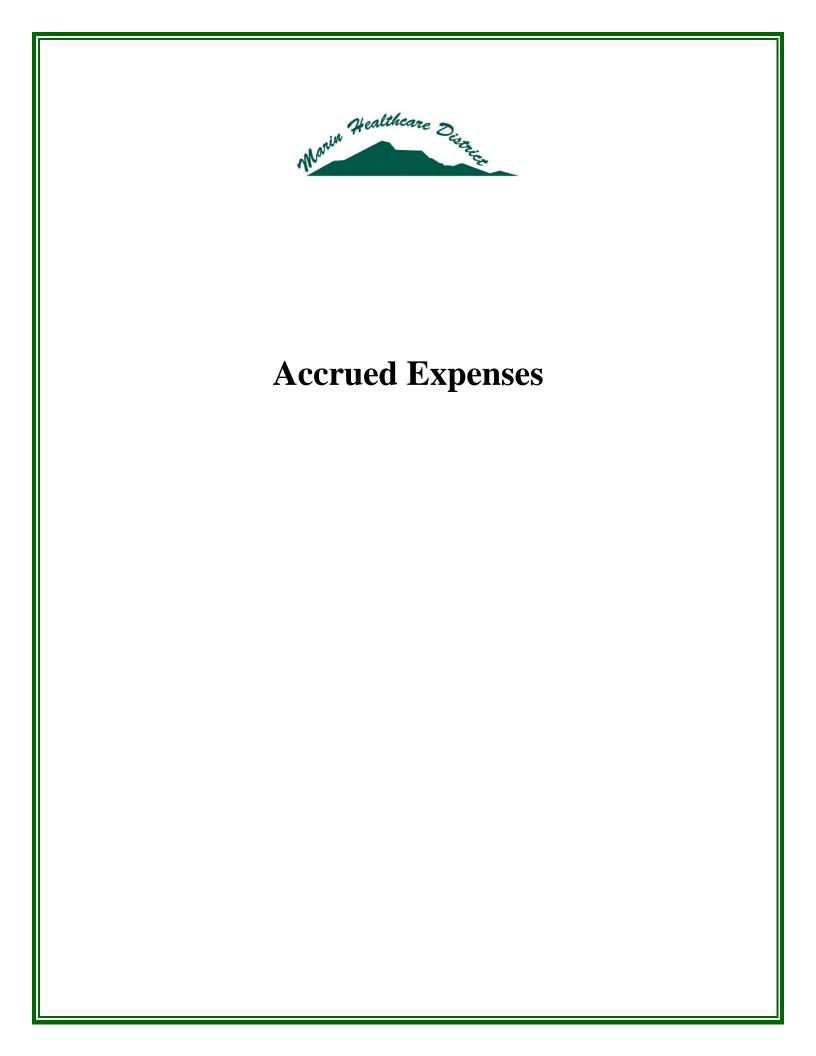

Accounts Payable and Accrued Expenses of \$40,351,667 are comprised of invoices payable and accruals for District and construction expenses. The decrease in liabilities from the prior month are due to payment of construction expenses.

Bonds payable are separated into current (principal due within one year) and non-current (due in greater than one year). Bond Premium represents payments by bond purchasers greater than the face amount of the bond because the stated interest rate of the bonds was higher than the market rate at the date of issuance. The premium is amortized over the life of the bonds as a reduction to interest expense.

The net assets of the District are \$58,643,210.

Fitch Places 17 USPF Ratings on RWN/UCO Following Release of Revised Tax-Supported Rating Criteria

Fitch Ratings - New York - 17 January 2020:

Fitch Ratings has placed 10 ratings on Rating Watch Negative (RWN) and seven ratings Under Criteria Observation (UCO) following the Jan. 10 release of revised "U.S. Public Finance Tax-Supported Rating Criteria." The Rating Watch Negative is maintained for another six ratings.

ANALYTICAL CONCLUSION

The ratings on RWN or UCO include all local government ratings in Fitch's rated universe that Fitch believes could be affected by the changes in criteria. However, not all of the ratings designated as RWN or UCO will necessarily be changed. The full list of ratings on RWN or UCO appears below.

KEY RATING DRIVERS

CHANGES TO CRITERIA: The criteria revisions reflect Fitch's re-evaluation of the value of legal structures that attempt to separate bond default risk from the credit quality of the related local government. This re-evaluation, which limits the amount of rating distance from a related government's Issuer Default Rating (IDR), was triggered by court rulings interpreting potential protections provided by Chapter 9 of the U.S. Bankruptcy Code.

AFFECTS MULTIPLE SECTORS: The criteria revision affects bonds rated under both the tax-supported criteria referenced above and the "Public Sector, Revenue Supported Entities Rating Criteria" and related sector criteria.

RELATIONSHIP TO LOCAL GOVERNMENT: The revised criteria clarify Fitch's analysis of the relationship between the issuing entity and any related local government. This relationship limits the rating on revenue bonds with strong independent credit characteristics but that are issued by enterprises of a local government with weaker general credit quality.

RATING WATCH NEGATIVE CREDITS: The placement of ratings on RWN reflects a preliminary assessment that the distance between a security rating and the related general government credit quality is greater than is permissible under current criteria.

CREDITS UNDER CRITERIA OBSERVATION: The designation of ratings as UCO reflects that there may be some credit impact on these ratings as a result of the criteria implementation, but that rating impact is uncertain pending a full review. This list includes ratings on entities for which the related general government's credit quality has not been determined.

CREDITS ALREADY ON RWN: Several ratings were placed on Rating Watch Negative on April 11, 2019, in reaction to the Court of Appeals for the First Circuit's ruling regarding special revenue bonds. Those ratings have the designation Rating Watch Maintained.

RATING SENSITIVITIES

RESOLUTION WITHIN SIX MONTHS: Individual credit reviews for those issuers placed on RWN or UCO will take place over the next six months.

Fitch conducts a reasonable investigation of the factual information relied upon by it in accordance with its ratings methodology, and obtains reasonable verification of that information from independent sources, to the extent such sources are available for a given security or in a given jurisdiction. The manner of Fitch's factual investigation and the scope of the third-party verification it obtains will vary depending on the nature of the rated security and its issuer, the requirements and practices in the jurisdiction in which the rated security is offered and sold and/or the issuer is located, the availability and nature of relevant public information, access to the management of the issuer and its advisers, the availability of pre-existing third-party verifications such as audit reports, agreed-upon procedures letters, appraisals, actuarial reports, engineering reports, legal opinions and other reports provided by third parties, the availability of independent and competent third- party verification sources with respect to the particular security or in the particular jurisdiction of the issuer, and a variety of other factors. Users of Fitch's ratings and reports should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information Fitch relies on in connection with a rating or a report will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to Fitch and to the market in offering documents and other reports. In issuing its ratings and its reports, Fitch must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings and forecasts of financial and other information are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings and forecasts can be affected by future events or conditions that were not anticipated at the time a rating or forecast was issued or affirmed. Fitch receives fees from issuers, insurers, guarantors, other obligors, and underwriters for rating securities. Such fees generally vary from US\$1,000 to US\$750,000 (or the applicable currency equivalent) per issue. In certain cases, Fitch will rate all or a number of issues issued by a particular issuer, or insured or guaranteed by a particular insurer or guarantor, for a single annual fee. Such fees are expected to vary from US\$10,000 to US\$1,500,000 (or the applicable currency equivalent).
