

Community Health Seminar Series

The Latest on COVID-19 in Marin

You're Invited...

Six months into the COVID-19 pandemic, what have we learned? What are our community's unique needs and what's next? Join us to learn the latest on COVID-19, our healthcare response, and how to best protect yourself and others.

In this presentation, Dr. Tolliver, Dr. Lowe, Dr. Klein, and Lee Domanico will discuss:

- What we know now about COVID-19 and how it spreads.
- How to stay safe, especially as more activities resume.
- MarinHealth's coordinated response with Marin County, including our mobile testing van, nursing homes, and other community needs.
- How MarinHealth has been keeping patients safe.
- How MarinHealth Medical Center plans to keep patients safe this fall with the coming flu season.

We'll also have time for Q&A at the end of the presentation.
